- The occupancy factor remained strong at 97,8% (2022: 97,09%) based on a vacancy factor of 2,23% (2022: 2,91%).
- The net asset value per share increased by 6,42% to R9,45 per share (2022: R8,88).
- The SA REIT net asset value per share increased by 7,48% to R9,20 per share (2022: R8,56 per share).
- Headline earnings per share decreased by 13,8% to 32,68 cents per share (2022: 37,93 cents per share).
- Earnings per share decreased by 13,8% to 32,68 cents per share (2022: 37,93 cents per share).
- Distribution per share decreased by 9,09% to 30 cents per share (2022: 33 cents per share) and the distribution pay-out ratio is 100%.

Despite the increase in revenue, distributable earnings decreased compared to the comparative interim period due to a substantial non-recurring insurance pay-out received in the prior period; the surge in interest rates; as well as other irregular expense items. If the non-recurring insurance event is excluded, the core distribution shows an increase compared to the comparative prior reporting period. Refer to the condensed consolidated unaudited interim financial results for the year ended 30 September 2023 ("**Interim Results**") for complete details.
